ACCT 2301 Blackboard Homework Assignment 1

Upload completed assignment in Blackboard.

1. Locate the Securities and Exchange Commission (SEC) website and attach a copy of the opening screen. Remember that the internet address will be a dot gov (.gov.). Assume anything else may not be a government website.

2. Is the SEC a regulatory authority that has enforcement powers?

Yes, the SEC can enforce regulations.

3. Locate the Financial Accounting Standards Board (FASB) website and attach a copy of the opening screen.

4. What was the website address for FASB? https://www.fasb.org

5. Is it a government organization that has regulatory authority? No

6. Briefly describe what type of organization FASB is and what it does?

   The FASB is an independent, non-profit organization that establishes accounting and reporting standards that follow GAAP for various entities.

7. Access the U.S. accounting standards set by the FASB using the following information.

   http://aaahq.org/Research/FASB-GARS
   Click on FASB User Login
   Username – AAA51847
   Password – sq2W4VZ

   Open the FASB Accounting Standards Codification

   Click on "Assets" in the left column.
   List the types of Assets. You may list the "Investments" as one item.

   Cash and Cash Equivalents
   Receivables
   Investments
   Financial Instruments – Credit Losses
   Inventory
   Other Assets and Deferred Costs
   Intangibles – Goodwill and Other
   Property, Plant, and Equipment
